ACCELERATED READING

*More than the amount of knowledge we might have is the
correct
usage of that which we possess.*

What does the course consist of?

The ability to read was developed many, many years ago. It is one of the limitative paradigms that we continue handling throughout these times, called the "Learning Era".

What is real is that people talk about the learning ability in the organizations as one of the competitive advantages to be developed.

The daily information we receive is exorbitant, from the number of e-mails a person receives each day to the number of topics in which he/she must be updated in order to be competitive in his/her job.

Course objectives

To develop reading comprehension at a higher speed compared to the participant's current reading speed.

- 1.- To learn to read fast
- 2.- To improve learning
- 3.- To apply the knowledge in your job
- 4.- To generate a personal vision based on the knowledge of the topic.
- 5.-

Who is it directed to?

- ◆ Businessmen
- ◆ Boards of Directors
- ◆ Managers
- ◆ Supervisors
- ◆ Employees

Results

- ✓ At the end of the course the student will be able to read his manuals or books up to 10 times faster, writing a synoptic summary of the acquired knowledge.

Program

1. Use of exercises that lead to a higher concentration level.
2. Handling and elimination of limitative beliefs.
3. Brain structure and brain dominances
4. The use of emotional intelligences in order to obtain information from study material
5. Body-mind preparation
6. Pre-reading
7. Accelerated reading
8. Reading comprehension

Duration

- ☐ 16 hours, that can be imparted in 2 or 4 consecutive sessions.
